Successful Outcomes

Assessments

We carry out a full critical appraisal of our clients current circumstances to ensure that the solutions we design satisfy their objectives.

Implementation

We pride ourselves on providing efficient & accurate services at every level of the operation of our business.

Compliance

We take compliance very seriously and provide comprehensive services to fulfill all statutory obligations of those companies and trust administered on us.

Facilitation

Our commercial support helps our clients overcome the many difficulties associated with international transactions and cross border trading.

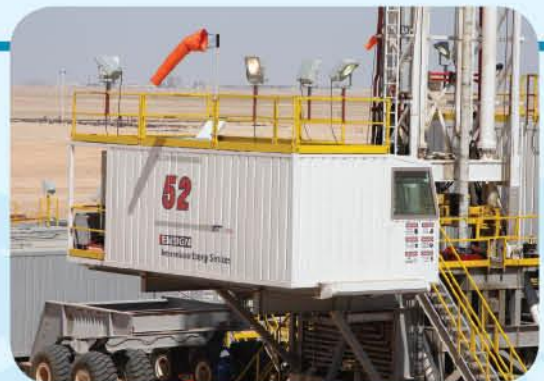

United Gulf Logistics specialized in over dimensional cargo shipment via air, land & sea, including the chartering of ocean, aircrafts & specialized land transport not only in GCC countries but around the globe.

Specialized Services

We also work closely with our Business partners for handling heavy lifts & super heavy dimensional cargo. United Gulf Logistics bagged the first and prestigious project to source 5 ADR's rigs from Canada for our client Ensign & shipped to Muscat using new technology, and we are proud to claim that we were the first logistics company to carry out this prestigious project.

United Gulf Logistics continues to raise the bar for supply chain management and logistics.

Health, Safety and Environment (HSE) Policy

Objective

Ensure the Health & Safety of all personnel from risks arising from worksite hazards and the protection of Environment from process effluents and pollutants.

Target

"Zero Harm" to People, Assets and Environment

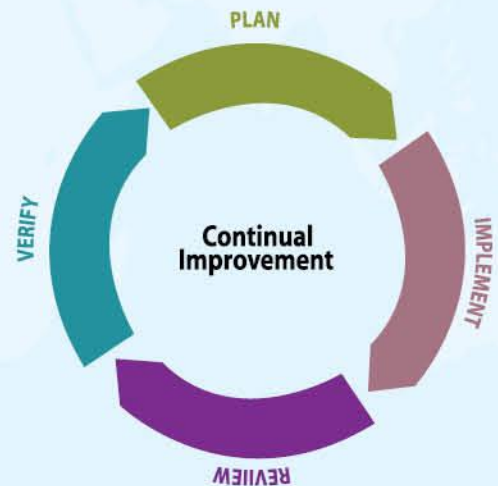

Golden Rules

All employees and contractors are empowered to start work only when conditions are SAFE and to stop work when it is UNSAFE. HSE is the responsibility of all personnel, from the Chairman to the employees on the shopfloor.

HSE has top priority over everything else we do

Commitment

- Ensure compliance with applicable laws, regulations and standards
- Achieve continuous improvement in HSE performance
- Set objectives and targets; measure, appraise and publicly report HSE performance
- Work in partnership with our contractors to manage HSE in line with this policy
- Consistent application and demonstration of HSE culture, shall be factored in the appraisal of all employees and contractors and reward accordingly
- Equip everyone with the necessary tools (Training, Personal Protective Equipments, Systems etc.) to effectively deliver the above stated objectives
- Achieve efficient use of material and energy

United Gulf logistics (UGL) has an HSE management system (HSE-MS). It provides a simple, structured and auditable documentation relevant to all the potentials risks identified in operations.

UGL follows the Incident Pyramid defined by Frank Bird and maintains an auditable HSE-MIS. All incidents including near misses are investigated and lateral learnings / findings are cascaded to employees to prevent reoccurrence.

HSE is our over-arching priority and Our Target is "Zero Harm" to people assets and environment.
